

Nordion (Canada) Inc. Event Reporting
For the Quarter (October to December 2024)

Velocity Incident Number	Event	Status/Outcome
IN-20241217-003*	Package damaged while in possession of the air carrier	Nordion delivered a number of Type A transport packages to an air carrier. Each package consisted of a single patient dose of a medical isotope. The air carrier damaged one of the packages during handling. The damage was minor and did not impact the safety or integrity of the package. Nordion returned the damaged package to the original consignor for safe and proper disposition.

** There was no impact to health, safety, environment or security as a result of these events*
